Jaws at the Beach

The Monroe County Parks Department will present the movie "Jaws" on the sand at Ontario Beach Park tomorrow, June 13, 2000 at 8 p.m.

This year is the 25th anniversary of the 1975 movie that won three Oscars and scared a nation of swimmers. This special screening of "Jaws" celebrates the opening of the beach for guarded swimming. Monroe County's lifeguards officially start guarding the beach this weekend, June 17, 2000.

"Showing 'Jaws' on the beach is a fun way to celebrate the start of the swimming season at Ontario Beach Park," said Monroe County Executive Jack Doyle.

This is the first of three movies in the Free Movies at the Beach series. "Big Daddy" will be shown July 11, and "Notting Hill" on August 8. The movie series is free and open to the public.

The movie "Jaws" will start at dark. The rain date is Thursday, June 15. Ontario Beach Park is located at Lake and Beach Avenues. For more information on the series call 256-4956.
